A person is shown in a yoga pose, sitting cross-legged with hands in a mudra. The background is a warm, golden sunset over a body of water. A decorative mandala pattern is overlaid on the right side of the image. The Yogi Tea logo is positioned at the top center, featuring the brand name in a stylized red font and the word 'ORGANIC' in a smaller, red, sans-serif font below it.

YOGA POSES

Enliven your days with the benefits of yoga. Discover physical and breathing poses to complement your mood, calm your mind and achieve balance in your body.

Easy Yogic Breathing for a Restful Sleep

Before bed, a great way to relax is to practice long, slow, deep breathing. Sit in a comfortable cross-legged position, with your spine straight and shoulders relaxed. Rest your hands in your lap with palms facing up. Close your eyes and completely relax. Breathe through the nose slowly and deeply. Stay focused on your breath as it fills your lungs, expanding the ribcage. With each exhale relax and let your mind come to rest. Continue for 1-5 minutes. Then lie down on your right side and enjoy a deep and restful sleep.

Yoga Exercise for Strengthening Trust

Sit in a comfortable cross-legged sitting position or in a chair with a straight spine. Raise the arms up over the head with one hand on top of the other, the palms facing down. If you are male, place the right palm on top of the left. If you are female, place the left palm on top of the right. The thumb tips are together with the thumbs pointing back. The arms are slightly bent at the elbows. With the eyes opened very slightly, look down toward the upper lip and whisper the mantra „Wa-he Gu-ru“. Duration: 3 minutes.

Simple Yoga for Awareness

Sit with your legs crossed. Stretch your arms out to the sides, parallel to the ground and with your fists clenched into tight lion's paws. Cross your wrists over your head and return the arms to the sides, alternating right over left, then left over right. Move powerfully and rhythmically for 3 minutes with powerful breath. Then stretch your tongue out all the way and continue for another minute. Relax.

Easy Yoga to Open the Lungs

Stand up straight with your legs slightly apart. Inhale fully while raising your arms up straight over your head and lean back slightly. Exhale fully as you bend forward from the waist, bringing your arms towards the ground and your upper torso towards your legs. This posture is called uttanasana. Continue this smooth movement for 1-3 minutes. Then stand up straight with the arms relaxed by your sides, take a few deep breaths and relax.

Sitali Pranayam – Breathing Exercise to Experience Inner Peace

Sit with closed eyes. Inhale through your tongue folded up in to a 'U'. Your tongue might stick out of your mouth a little. Exhale through the nose. It is recommended to practise this breathing exercise 26 times in the morning and in the evening.

Yoga for Youth and Joy

Sit cross-legged. Make fists of your hands and place them in front of you as if you were grasping a steering wheel. Begin twisting the body powerfully from side to side. Twist to your maximum. Keep the elbows up and let the neck move with the upper body. Continue for 3 minutes. Then stretch the arms out in front of you. The right hand over the left and the palms are facing down. Twist now from left to right. Move your head and neck in the same direction. Continue coordinating the movement for 3 minutes.

Yoga for Mental Clarity

Sitting cross-legged, rest your right hand on your knee. Block your left nostril with your thumb. Breathe slowly and deeply through your right nostril only, eyes closed. Focus on your breath for 3 minutes. Sit up straight, take a few deep breaths and relax.

Easy Yoga for Energy

Sit cross-legged or on a chair with your spine straight and feet flat on the floor. Stretch your arms straight out in front of you, parallel to the ground, with your palms facing each other and the fingers wide apart. Breathe long, deeply and powerfully through the nose for 1-3 minutes. Then inhale deeply and, while holding the breath, make fists of your hands, slowly bringing them to your chest under maximum tension. Slowly exhale when your fists touch your chest and relax. Take a few deep breaths and feel the energy you've created.

Easy Yoga for Purification

Sit on your heels with your knees spread wide. Bring your forehead down to the ground and relax in this position with the arms stretched forward and the palms together. This posture is called 'Guru Pranam'. Breathe long and deep through the nose for 1-3 minutes. Then slowly sit up straight, take a few deep breaths and relax. Try this simple pranayam (breathing technique) coupled with a yogic asana (posture) for its cleansing effect.

Self-confidence (Affirmation)

Sometimes we find ourselves dependent on appraisal and acceptance from others. There is a simple affirmation which brings back our own strength: Press your thumb on the mount below the pinky and close the hand in a fist. Say to yourself before you meet somebody: "I am healthy, I am happy, I am great".

Breathing for Energy

Sit cross-legged or in a chair with a straight spine. Close your left nostril with your left thumb and breathe through your right nostril only. Duration: 3 minutes.

Yoga Position for Blessings (Gurprasad)

Sit in a comfortable sitting position, upper arms pressed against rib cage, elbows bent so that hands are at heart level. Cup the hands together, palms facing up. Breathe long and deep. Allow yourself to relax and receive blessings. Continue for 3 -31 minutes.

Breath of Fire

Breath of fire is a strong, quick breath done from the navel point. Consciously pull in the navel while exhaling through the nose, inhaling will happen automatically by relaxing the belly. Slowly increase the pace until breathing 2-3 times per second in and out through the nose. Continue for 1-3 minutes. Breath of fire energises and ignites the fire of life.

Yoga for Energy – Archer Pose

Stand comfortably with your right leg forward and your left leg turned out, keeping the body square. Bend the right knee and let your right leg carry your weight. Now make your right hand into a fist with the thumb pointing upwards, stretching the right arm straight out so that the thumbnail is held at eye level. Imagine that you are holding a bow with your right hand, the bow string is pulled back with your left hand and arm. Breathe slowly and deeply whilst concentrating on your imaginary target. Hold the posture for 1-3 minutes each side. (Archer Pose is believed to strengthen and balance the nervous system.)

Simple Yoga to Renew and Rejuvenate

Lie on your back, press your knees to your chest and hold tightly with your arms and hands. Raise your head and bring your nose between the knees. Breathe with a rapid breath through the nose, pulling your navel in with the exhale and pushing out with the inhale. Continue for 1 minute. Relax on back.

Easy Yoga to Aid Digestion

Sit on your heels, keeping your spine straight and your head level. Rest your hands on your knees. Breathe slowly and deeply through the nose for 3-11 minutes. This posture is called 'Vajrasana' or Rock Pose and is an excellent remedy for relieving the negative effects of overeating or eating too quickly. The ancient yogis believed that you could digest rocks when sitting in this posture.

Yoga to Make You Strong

Sit cross-legged with hands on your knees, keeping your arms straight. Inhale and hold your breath. Flex your spine back and forth as many times as you can before you have to exhale. Inhale and repeat. Continue for 3-4 minutes. Then relax and enjoy.

Dance & Relax

Stand up straight, close your eyes and relax. Breathe long and deep, feel every tension in your body and consciously let it go. Sway from side to side, dance and gently move every part of your body. If you have soft, rhythmical music, let it play in the background. Duration: 3-11 minutes.

Breath to Balance the Mind's Mental Energy

Sit cross-legged with your spine straight. Arms are straight with the sides of the hands resting on the knees. The tips of the forefingers and thumbs are touching, creating a circle, and the other fingers are straight. The eyes are open and gazing straight ahead. Inhale through the nose for 5 seconds. Hold the breath for 10 seconds and then exhale through the nose for 5 seconds. Continue for 3-11 minutes. Focus on the inflow and outflow of the breath.

Yoga for Vitality – Life Nerve Stretch

Sit on a pad or rug, stretching your legs out in front of you. Lean forward to hold onto your big toes, ankles or legs with your hands, so that the legs are straight. As you exhale, stretch forward and down from the pelvis. As you inhale, stretch upright with a straight spine and neck. Continue moving slowly and carefully, practising for 1-3 minutes with a powerful slow breath. (The life nerve 'sciatic' is believed to affect your emotional balance, nervous system and digestion. Keeping it flexible is thought to be important for maintaining the strength of these systems.)

Simple Yoga for Stamina

Sit with your legs crossed and interlace your fingers. Bring your hands above your head and hold them there. Keep your eyes 1/10 open. Inhale long and deep and hold, then exhale and hold. Continue with very long and deep breathing for 3-4 minutes.
